## OBJECTIVE

I'm an Open-minded and highly motivated Front-end Developer with a passion for crafting visually appealing and easy to navigate web Applications. I'm Committed to continuous learning and growth within the ever-evolving tech ecosystem while working diligently with team members to deliver industry-ready web applications.

## SKILLS

- ❖ Web Technologies: HTML5, CSS3, JavaScript
- ❖ Front-end Frameworks: React, Tailwind CSS, Bootstrap
- ❖ Wireframing and Prototyping Tools: Figma
- ❖ Content Management Systems: WordPress
- ❖ Responsive Web Design
- ❖ Version Control: Git, GitHub
- ❖ UI/UX Design Principles
- ❖ Problem Solving and Debugging
- ❖ Agile Development
- ❖ Excellent Researching Ability
- ❖ Fast Learner
- ❖ Teamwork
- ❖ Excellent Communication Skills
- ❖ Attention to Detail
- ❖ Adaptability

## EXPERIENCE

### AFENET NG - *Front-end Intern*

50 Haile Selassie St, Asokoro, Aso, Federal Capital Territory

*June 2021 - December 2021*

- ❖ Worked as a web designer and an IT support specialist
- ❖ Worked with the in-house web developer to Redesigned the organization's website to give it a more modern feel

- ❖ Gained hands-on experience working with WordPress

## **HNG - Virtual Internship**

*August 2023 - October 2023*

- ❖ Collaborated with a diverse team of interns to complete real-world projects.
- ❖ Developed proficiency in using a wide range of web development tools and technologies, including HTML, CSS, JavaScript, Tailwind CSS, React, Git, and GitHub.
- ❖ Interacted with real-world APIs to send and receive dynamic data for web applications.
- ❖ Gained hands-on experience in building and deploying web applications.
- ❖ Enhanced problem-solving and troubleshooting skills in a fast-paced environment.

## **Freelance Experience**

Web Developer | Freelancer

*February 2023 – Present*

- ❖ Developed and maintained responsive websites for small businesses using HTML, CSS, JavaScript and React.
- ❖ Collaborated with clients to understand their requirements and provided web solutions tailored to their needs.

## **EDUCATION**

Benue State University, Makurdi, Benue State Nigeria -  
B.Sc. Computer Science (*Awaiting Result*)

*April 2018 - June 2023*

## **CERTIFICATIONS**

- ❖ Responsive Web Design Certification - FreeCodeCamp (2022)
- ❖ HTML & CSS Certification – Solo Learn (2021)

## **PROJECTS**

### **❖ Movie Discovery Web APP**

- I Designed and developed a responsive web application that allows users to explore and discover movies. Leveraged HTML, CSS and React for the front-end, and integrated real-world APIs to retrieve dynamic movie data. I also implemented features such as searching for movies by title, viewing movie details, and favoriting movies. The application enhances the user experience with live search suggestions and a visually appealing design. This project showcases my proficiency in front-end development and API integration.

---

#### ❖ **Artist Portfolio site for a musician**

- I developed a visually captivating artist portfolio website using HTML, CSS, and JavaScript. The site showcases the artiste's artwork with a clean and intuitive design, including CSS animations and dynamic features. It is responsive and optimized for fast loading times.

#### ❖ **Enhanced Data Migration Tool Across multiple RDBMSs using Talend (Final year project)**

- As my Final Year Project, I developed an enhanced data migration tool that enables seamless data migration across multiple RDBMS. The tool features a user-friendly GUI created using HTML, CSS, JavaScript, and React. Additionally, I utilized Java to enhance communication between the GUI and Talend, which serves as the main engine for executing the migration process. MySQL was utilized as the database to store and manage the migrated data.

### Activities

- ❖ Member of Google Developer Student Club – (2020-2023)
- ❖ Member of Google Developers Group, Gwagwalada chapter (2020-present)
